### Credit Union Notes from the President

I would like to thank all of our members, an excellent staff and the Board of Directors for making 2010 a very good year at the credit union. We enjoyed an increase in loans and deposits which led to an overall net gain for the year. We will be able to continue to offer very good rates and new products and services in 2011 for our shareholders, you our valued members.

We are also happy to be a part of Mayor Goodnight's initiative along with the United Way in launching **Bank On Kokomo** program that will provide financial literacy classes and accounts for the large number of unbanked families in the community. Also, with many donations from you and \$500 from the credit union we were pleased to assist several families at Christmas time with much needed presents. Thank you for your generosity.

We have many new products and services planned for 2011, like the Visa Rewards program, a new user-friendly website, and FHA loans. Thank you for your continued support, and here's to a great year!
